

A JONES & BARTLETT LEARNING BRAND

CATALOG

THE PUBLIC SAFETY GROUP DIFFERENCE

The Public Safety Group, a Jones & Bartlett Learning brand, has become the world’s most innovative and trusted source for educational materials and solutions for EMS and fire students, educators, and professionals by combining the collective value of our people, products, and partners. From initial training to recertification to retirement, we strive to be a lifelong learning partner to those who serve our communities tirelessly and ensure our safety and well-being.

Please review this catalog for a glimpse at some of our key products and learning solutions, and then visit www.psglearning.com to learn more.

SUPERIOR CUSTOMER SERVICE

Personal, responsive service is the hallmark of the Jones & Bartlett Learning Public Safety Group. With our Account Specialists’ exceptional attention to detail, experience, quick response times, and team-focused approach, we are renowned for our gold-star service. Your questions and concerns are our number one priority. For decades, we have been putting our customers first, and we will continue to deliver the exceptional, personalized service that you deserve.

Product Demos and Review Copies

Product demonstrations and complimentary* review copies are available for qualified instructors who wish to consider a resource for course adoption. For faster service, make your request online at www.psglearning.com or let our knowledgeable Account Managers help you find the resource that best meets your course needs.

4 Easy Ways to Order

WHOM WE SERVE

STANDARDS ORGANIZATIONS
Strong two-way dialogue with accrediting bodies enables the Public Safety Group to meet the needs of all constituents

INSTITUTIONS & INSTRUCTORS
Training programs improve learning in and out of the classroom, driving efficiency and positive student outcomes

EMPLOYERS
Technology allows for efficient scheduling and skills tracking, easing compliance requirements

STUDENTS
Best-in-class training solutions result in superior outcomes and help ensure certification or licensure

PROFESSIONALS
Well-trained public safety professionals perform better in the field and keep communities safer

What's Our Secret to Success?

One of them is partnering with some of the world's most prestigious public safety organizations.

Let Navigate Take Your Course to New Heights.

Navigate is a suite of mobile-ready course materials that will change the way you teach, learn, and access course content. Whether you teach an online, hybrid, or traditional classroom-based course, you can use **Navigate** to improve results and deliver unbeatable value to your students.

- Market-leading interactive resources
- Proven preparatory and educational tools that improve success
- Personalized support and training to get you up and running
- Online course content available for deployment on third party learning management systems (LMS), including Canvas, Blackboard, Brightspace/ Desire2Learn (D2L), and Moodle

Transformative Learning and Instructional Tools

Analytics. Track and analyze student engagement and performance across a variety of assessments and subject areas, from eBook usage to quiz results. Dashboards provide deep insight into learner behaviors, effectiveness of course content, and trends that affect achievement.

eBook. Read textbooks online or offline, enhance learning with interactive tools, and make and share notes. Our eBook is fully responsive, simple to use, and enhanced with video and interactivities.

Study Assets. Reinforce student comprehension of course materials with practice activities and other valuable learning tools. Students can prepare for graded quizzes and examinations in a low-stress environment, use key term flashcards to reinforce vital vocabulary, and more.

Interactive Lectures. Provide engaging, fully-narrated lectures that allow students to learn at their own convenience and pace. Lectures create a mobile classroom perfectly suited for distance or hybrid courses. They are also an ideal tool to review the in-class lecture materials outside of the classroom.

Simulations. Elevate skills in the safety of a virtual environment. Simulations make learning interactive and fun, while offering learners the opportunity to hone the critical thinking skills necessary for success.

TestPrep. Prepare students for certification or high-stakes examinations by offering practice and simulated certification tests, detailed rationales, and powerful data dashboards.

Audio Book. Help students complete reading assignments and build foundational knowledge while on the go, at their convenience.

Learning Tool Interoperability (LTI)- Based Cartridge

Makes Integration with 3rd Party Learning Management Systems Easy!

The Jones & Bartlett Learning Public Safety Group offers its award-winning content available to customers through a Learning Tool Interoperability (LTI)-Based Cartridge. This delivery method empowers institutions by giving them greater independence and flexibility with how they use Jones & Bartlett Learning content.

Using the Jones & Bartlett Learning LTI-Based Cartridge, your institution can securely import launch URLs directly into your learning management system (LMS). This solution delivers Jones & Bartlett Learning content to learners, including eBooks, interactive videos, TestPrep study tools, interactive lectures, simulations, cybersecurity cloud labs, and more. LTI-Based Cartridges are compatible with major LMS platforms: Moodle, Blackboard, Canvas, and Brightspace/D2L.

The setup process is quick and easy:

- 1.** Jones & Bartlett Learning provides a course cartridge containing launch URLs for the various elements of the courseware, plus credentials consisting of a unique LTI Key and Secret that authenticates your institution's LMS connection to Jones & Bartlett Learning content.
- 2.** Initial configuration requires assistance from LMS administrators or IT staff at your institution, specifically around the authentication steps.
- 3.** Following setup, you can utilize the Jones & Bartlett Learning courseware within your familiar and independent LMS platform.

Interested in learning more about the LTI-Based Cartridge?

Contact your Account Manager by visiting go.psglearning.com/findarep.

Steps for Implementing an LTI-Based Cartridge

1. Your institution's secured access to approved content is configured and activated.

2. An email with your course file and setup credentials is delivered with easy-to-follow installation instructions.

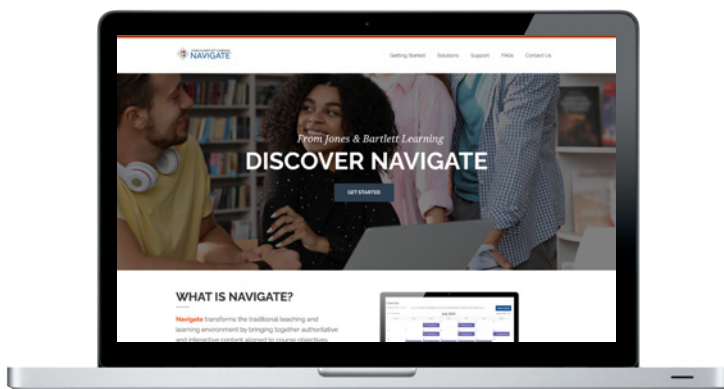

3. The course cartridge file is imported into a designated course shell(s) on your local platform.

4. The JB Learning LTI App/Tool is configured and enabled within your platform.

5. Enrolled users open course material and register in a single sign-on (SSO).

The CPR and First Aid Training Materials You Trust — Updated to Meet the Latest Science

Our **Emergency Care & Safety Institute (ECSI)** training materials are ideal for use within courses designed to certify individuals in first aid, CPR, and AED and help develop life savers around the globe.

Cover the Latest Science

ECSI's up-to-date content meets or exceeds the scientific recommendations developed by the International Liaison Committee on Resuscitation (ILCOR) and is consistent with the CPR and ECC Guidelines as established by the American Heart Association and other resuscitation councils around the world.

Focus on High-Quality Content

Clear and concise information on what to look for and what treatment steps to take during an emergency increase the learner's confidence and willingness to respond to life-threatening conditions.

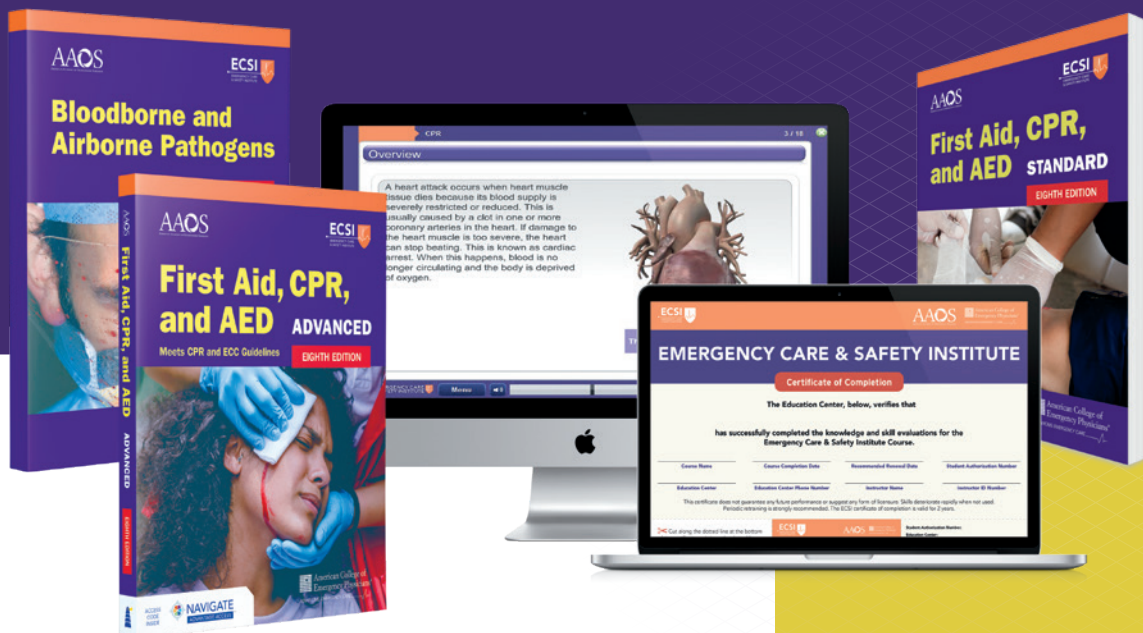

Ensure Low-Cost and Flexible Course Delivery

Life-saving training for as low as \$6.27 includes an integrated teaching and learning system that offers many resources to better support instructors and prepare students to learn life-saving skills.

Plus, joining **ECSI** is easy and involves no training center or instructor fees. As an **ECSI** Education Center, you have the freedom to manage your own courses and do not have to worry about paying recurring fees.

Emergency Care & Safety Institute (ECSI) training materials are developed and distributed by the Public Safety Group, a Jones & Bartlett Learning brand, the exclusive publisher for **ECSI**.

ECSI Courses and Materials

Student Materials

Manuals, eBooks, and Pocket Guides

Our highly developed, full-color student manuals feature the latest medical content and are filled with tips and tools to engage your students. **ECSI** manuals are also available in electronic (eBook) formats to provide an economical and environmentally friendly alternative to traditional printed manuals. Finally, our pocket-sized guides are available for first aid and CPR refresher training.

Online Courses

Each online course can be used as an interactive supplement to reinforce what students have learned in the classroom, or as a distance learning platform where students can complete the knowledge-based component of the course online and then complete the hands-on skills evaluations with an instructor.

Instructor Materials

Teaching Packages

With our unique Teaching Packages, you have the option to choose your teaching strategy:

- Lectures for a traditional classroom-based course
- Scenario-based for a more interactive course
- Mix and match learning tools and methods to engage and improve retention

Learning follows your lead with flowcharts, skill sheets, checklists, games, skill demonstrations videos, course outlines, presentations in PowerPoint format, detailed lesson plans, and much more!

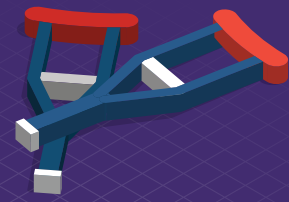

**All Teaching Packages are available online and can be easily downloaded for seamless offline access.*

Nationally Recognized Digital Course Completion Cards

ECSI provides a digital course completion card with the purchase of one of these four items: student manuals, student eBooks, online course access codes, and pocket guides. The digital course completion card can be sent via email to the student who completed the course and the student's employer. It can also be printed out by the instructor and issued to students at the training location.

Quality Emergency Care Training and Certification

ECSI Education Centers Receive a 25% Discount on All ECSI Course Materials

Market-Leading Testing for EMRs, EMTs, AEMTs, and Paramedics

FISDAP[®]

What We Make

Testing

Comprehensive Exams

Use our comprehensive exit exams to evaluate whether your students are ready to take their certification exams and become practicing EMS professionals. Over 97% of students who pass our secure exams pass the NREMT on the first attempt.

Available for:
EMR* | EMT | AEMT | Paramedic

*Available in 2023

Study Tools

Study Tools give students the freedom of independent study. Unlike Fisdap Testing, the comprehensive practice exams in Study Tools do not have to be scheduled or proctored by you. Students take the exam on their own time.

Available for: EMT | Paramedic

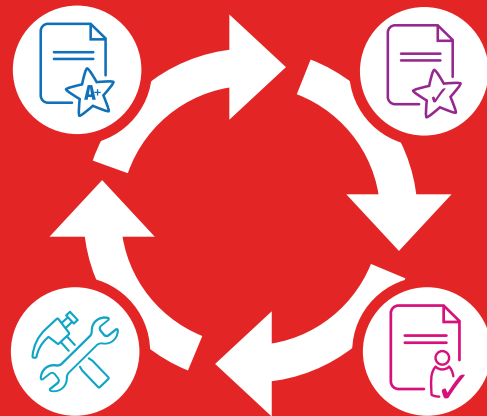

Unit Exams

With Fisdap Unit exams, you can give your students a challenging, computer-based exam after each unit of the curriculum. Expose your students to critical-thinking questions early and often during their classroom training.

Available for:
EMT | AEMT | Paramedic

Our Exams Guide Your Students From Admission to Graduation

Ensuring Student Preparedness Throughout Their Training

Entrance Exam

The Entrance Exam is different from other entrance exams because it was created **by** and **for** EMS educators, and it includes a personality assessment. Use the Entrance Exam to help select the prospective students with the best likelihood of success in your program, or as a diagnostic tool at the beginning of your class to assess incoming students' strengths and weaknesses.

Available for: EMT | Paramedic

INFORMED FIELD GUIDES

TESTED AND TRUSTED FOR OVER 25 YEARS

Creator of innovative tools for field care providers, Informed has been creating spiral-bound, pocket-sized field guides for over 25 years. Now in a variety of print and digital formats from app stores everywhere, Informed guides have become the industry standard by putting critical information at your fingertips.

Informed®

SAVE 25% ON PRINTED INFORMED GUIDES!

THE ROADMAP TO "FLIPPING" YOUR EMT CLASSROOM

American Academy of Orthopaedic Surgeons,
David Page, Heather Davis

ISBN: 9781284376036 • Navigate Access • © 2021

A flipped classroom is designed to help instructors shift away from the role of lecturer, allowing traditional instructor-centered classrooms to transform into student-centered learning environments, where instructors can provide individual mentoring to each student.

The **EMT Flipped Classroom** delivers primary source content in a variety of engaging formats, including *Emergency Care and Transportation of the Sick and Injured, Twelfth Edition* in paperback and eBook formats; Interactive Lectures; and Virtual Mentor Lectures. The course features student-directed activities, including problem-solving exercises, peer-to-peer activities, and student coaching tips, with competency checks throughout.

The **EMT Flipped Classroom**:

- Allows for hands-on learning during class time to ensure students retain critical information
- Helps students strengthen their decision-making skills and gain experience in a safe environment
- Enables educators to reduce lecture time and create meaningful student coaching opportunities

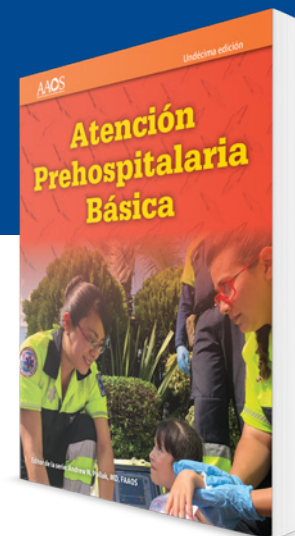

Learn how the **EMT Flipped Classroom** can help transform the way you teach and your EMT students learn.

Contact your Public Safety Specialist or email us at info@psglearning.com to request more information or schedule a personalized demonstration.

THE ROADMAP TO “FLIPPING” YOUR PARAMEDIC CLASSROOM

American Academy of Orthopaedic Surgeons,
David Page, Heather Davis

ISBN: 9781284256864 • Paperback with Navigate Access • © 2023

A flipped classroom is designed to help instructors shift away from the role of lecturer, allowing traditional instructor-centered classrooms to transform into student-centered learning environments, where instructors can provide individual mentoring to each student.

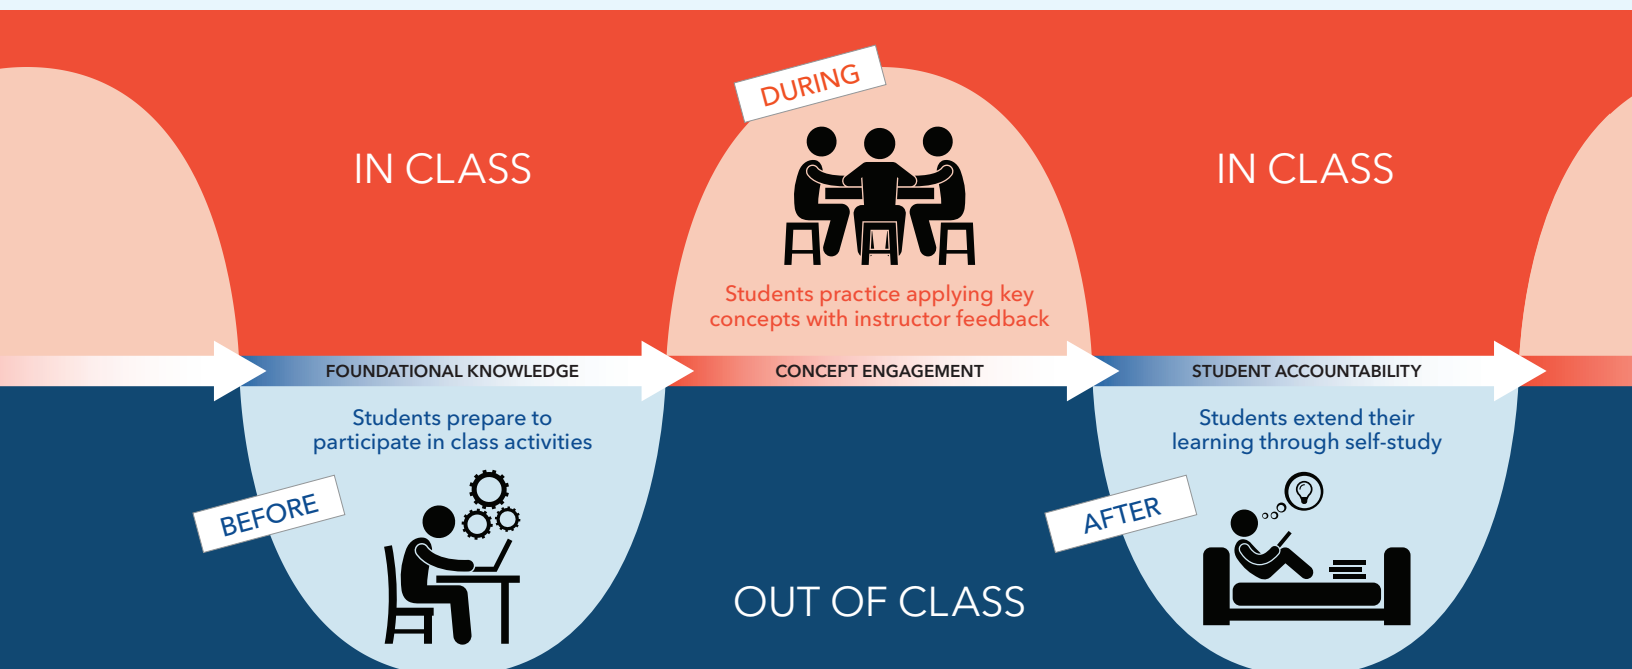

The **Paramedic Flipped Classroom** delivers primary source content in a variety of engaging formats, including *Nancy Caroline's Emergency Care in the Streets, Ninth Edition* in paperback and eBook formats; Interactive Lectures; and content from the Virtual Ride-Alongs. The course features student-directed activities, including problem-solving exercises, peer-to-peer activities, and student coaching tips to deliver truly effective and memorable learning experiences.

The **Paramedic Flipped Classroom**:

- Allows for hands-on learning during class time to ensure students retain critical information
- Helps students strengthen their decision-making skills and gain experience in a safe environment
- Enables educators to reduce lecture time and create meaningful student coaching opportunities

Learn how the **Paramedic Flipped Classroom** can help transform the way you teach and your Paramedic students learn.

The Premium Course to Effectively Train and Certify Today's EMS Preceptors

Public Safety Group's Preceptor Course provides everything an EMS Preceptor needs to know to effectively guide today's EMS student from the classroom to the field.

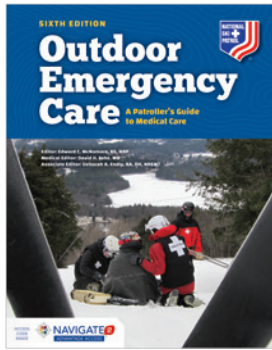

Step by step, this powerful course—available through Navigate—prepares the learner to master critical preceptor skills while integrating crew resource management, mental health, and diversity within each module.

PSG's Preceptor Course Features

- Created in collaboration with industry experts and endorsed by NAEMT.
- 4.0 CEUs of CAPCE educator credits
- 16 microlearning lessons to be taken at the learner's convenience.
- Interactive narration and current videos to engage every student.
- Knowledge checks in every lesson to reinforce learning.
- Lessons that enable a learner to foster an effective learning environment, communicate assertively, give constructive feedback, work through remediation, discuss ethics, assess critical thinking, boost student confidence, and much more.
- Additional resources to support individual needs, including checklists, full-length ride-along and lecture videos, and mental health simulation training.
- Diverse representation to help instill cultural competence.

To learn more about PSG's Preceptor Course, please visit go.psglearning.com/preceptorcourse1e or contact your Account Manager.

PHTLS: Prehospital Trauma Life Support

TENTH EDITION

National Association of Emergency Medical Technicians (NAEMT)

ISBN: 9781284272253 • 784 pages • © 2023

Over three decades ago, *PHTLS: Prehospital Trauma Life Support* transformed the assessment and management of trauma patients in the field, improving the quality of trauma patient care and saving lives around the world. The tenth edition of this trusted, comprehensive resource continues the PHTLS mission to promote excellence in trauma patient management by all prehospital care practitioners through global education. First developed by the National Association of Emergency Medical Technicians (NAEMT) in the early 1980s in cooperation with the American College of Surgeons Committee on Trauma (ACS-COT), this proven program includes updated medical content to reflect current, evidence-based knowledge and practice. *PHTLS* promotes critical thinking as the foundation for providing quality care, knowing that EMS practitioners make the best decisions on behalf of their patients when given a solid foundation of knowledge and key principles to fuel their critical-thinking skills.

In the field, seconds count. The tenth edition of *PHTLS: Prehospital Trauma Life Support* teaches and reinforces the principles of rapidly assessing a trauma patient using an orderly approach, immediately treating life-threatening problems as they are identified, and minimizing delays in initiating transport to an appropriate destination.

Becoming an NAEMT Instructor Is Easier Than Ever!

Learn More at: go.psglearning.com/NIC

STEP 1:

Successfully complete a provider course with a minimum passing score of 76% on the written test.

STEP 2:

Successfully complete the NAEMT Instructor Course online. Achieve a minimum passing score (80%) for the course on the online post-test.

STEP 3:

Submit an NAEMT Instructor Application.

STEP 4:

Teach a provider course while being monitored by an Affiliate Faculty member.

STEP 5:

Maintain your instructor status by teaching at least one course per year.

AMLS: Advanced Medical Life Support

THIRD EDITION

National Association of Emergency Medical Technicians (NAEMT)

ISBN: 9781284196115 • 500 pages • © 2021

AMLS: Advanced Medical Life Support is the leading course for prehospital practitioners in advanced medical assessment and treatment of commonly encountered medical conditions. This essential assessment tool empowers prehospital practitioners to rapidly diagnose medical patients and initiate effective management in the field.

The *AMLS, Third Edition* main textbook is accompanied by the new course manual, which reinforces and clarifies key concepts from the course; features an engaging, interactive design; and is written so you feel like you are participating in a conversation, versus listening to a lecture.

Emergency Pediatric Care

FOURTH EDITION

National Association of Emergency Medical Technicians (NAEMT)

ISBN: 9781284255119 • 480 pages • © 2022

NAEMT's EPC program serves pediatric patients through the global education of prehospital care practitioners of all levels, promoting excellence in pediatric patient management by all practitioners involved in the delivery of prehospital care. The course's main goal is to assure that EMS practitioners can take better care of ill and injured children while recognizing that almost every pediatric call revolves around the needs of not only the child, but also the child's caregivers.

Emergency Pediatric Care, Fourth Edition uses a specialized version of the *Pediatric Education for Prehospital Professionals, Fourth Edition* as the reference text, bundled with a course manual. This course manual is an engaging resource that can continue to be consulted after the course to assist practitioners in providing the best care for their young patients.

DID YOU KNOW?

First responders are 5 times more likely to experience PTSD and depression than civilians. In fact, more firefighters and police officers have died from suicide than in the line of duty in recent years, yet little has been done to support this high-risk population.¹

MENTAL HEALTH

First Responder Support & Resilience

Kognito; Public Safety Group

ISBN: 9781284192872 • Online Course • © 2020

go.psglearning.com/resilience

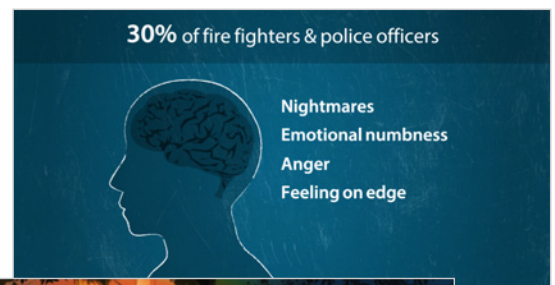

The Public Safety Group, a global leader in EMS and Fire educational materials and services, has partnered with Kognito, a leader in evidence-based health simulations, to bring you **First Responder Support & Resilience**. This unique learning experience is centered on interactive simulations that enable students and experienced professionals to practice talking with other first responders who are going through challenging times.

In each of the five interactive and simulated role-play conversations, you will:

- Speak with fully animated and emotionally-responsive virtual peers.
- Learn how to approach checking-in with peers you're concerned about, demonstrate compassion, help them problem-solve, and if necessary, connect them to additional help.
- Get pointers along the way and reflect on how you might have handled things differently.

These types of conversations are never easy. As with most high-intensity, low-frequency events, training for these difficult situations will develop your readiness for when it really counts.

Geriatric Education for Emergency Medical Services (GEMS)

THIRD EDITION

**National Association of Emergency Medical Technicians
(NAEMT)**

ISBN: 9781284280159

Paperback Only • 300 pages • © 2024

High-quality emergency geriatric education makes a difference. With the right text, EMS practitioners can gain a deeper understanding of how the body ages, how multiple medications can create or exacerbate emergencies, how certain communication techniques can improve assessments, and more. Armed with this knowledge, EMS professionals can give geriatric patients in their community better emergency care and an improved quality of life.

Geriatric Education for Emergency Medical Services (GEMS), Third Edition is authored by experts in the field, reviewed by the American Geriatrics Society (AGS), and endorsed by the National Association of Emergency Medical Technicians (NAEMT). Comprehensive and fully updated, the new edition addresses the National EMS Education Standards in 15 chapters, covering communication, assessment, trauma, respiratory and cardiovascular emergencies, medication toxicity, elder abuse, and much more.

SAY HELLO TO RECERT™

The online continuing education solution that combines great courses and helpful recertification tracking tools in one affordable package

Discover more at www.recert.com

Recert is offered in partnership with:

RECERT IS DIFFERENT.

Recert, a recertification solution from the Jones & Bartlett Learning Public Safety Group and National Association of Emergency Medical Technicians (NAEMT), allows you to move beyond average, uninspired online content with more than 200 up-to-date, evidence-based EMS and Fire courses. Recert covers every NCCP topic requirement with 100% CAPCE-approved EMS content based on your favorite continuing education courses. Plus, Recert offers free tools to help employers and individuals track recertification progress.

PERFECT FOR EMPLOYERS.

Recert takes the hassle out of employee certifications and compliance with powerful reporting, scheduling, and tracking tools. The profile tool within Recert can be customized to track progress against national, state, or specific institutional requirements. Employers can easily assign more than 200 courses to groups or specific individuals, and custom course content may also be added and assigned.

WHAT MAKES RECERT GREAT?

- » Affordable, unlimited access to 200+ courses
- » Complete coverage of every required NCCP topic
- » Recert EMS courses are approved by CAPCE
- » Evidence-based content aligns with current medical standards and guidelines
- » Every course is interactive, from live patient videos to critical-thinking scenarios
- » Custom content can be uploaded for delivery and tracking
- » Employers can assign courses or allow employees to manage their own courses
- » National, state, and customizable reporting, scheduling, and tracking tools available

WORLD-CLASS CONTENT. TIME-SAVING TRACKING TOOLS. GREAT PRICE.

Individual courses cost \$7.00 and unlimited annual access is available for only \$61.95 per individual. Discover effective and affordable continuing education today at www.recert.com.

EXCEPTIONAL CONTENT BUILT BY THE LEADERS IN THE FIELD.

Much of the core content within Recert is adapted from gold-standard education courses, videos, and learning materials created by these and other prestigious organizations.

RECERT OFFERS MORE THAN 200 EMS & FIRE CONTINUING EDUCATION COURSES!

Recert courses are available for fire service professionals and for both ALS and BLS level EMS providers. Recert offers a diverse course catalog that addresses the following subject areas:

- » Airway & Ventilation
- » Cardiovascular
- » EMS Operations
- » Fire Apparatus Driver/Operator
- » Fire Fighter
- » Fire Inspector
- » Fire Instructor
- » Fire Investigator
- » Fire Officer
- » Hazardous Materials
- » Medical
- » Pharmacology
- » Preparatory (EMS)
- » Public Health
- » Shock and Resuscitation
- » Special Patient Populations
- » Technical Rescue
- » Trauma

Visit www.recert.com today to browse our course catalog, create your free professional profile, or request a free trial course!

Public Safety Group Fire Science Correlation Table

The Public Safety Group, a division of Jones & Bartlett Learning, offers a wide variety of fire science texts that meet and exceed the course objectives and outcomes for FESHE core and non-core courses. The grid below shows which course each of our fire science titles correlates to in the FESHE curriculum.

Associate's Core	Curriculum Solution
Principles of Emergency Services (C0273)	Introduction to Fire Protection and Emergency Services, Sixth Edition
Building Construction for Fire Protection (C0275)	Brannigan's Building Construction for the Fire Service, Sixth Edition
Principles of Fire and Emergency Services Safety and Survival (C0281)	Fire Fighter Safety and Survival, Third Edition
Fire Prevention (C0286)	Principles of Fire Prevention, Fourth Edition
Fire Protection Systems (C0288)	Fire Protection Systems, Third Edition
Associate's Non-Core	
Legal Aspects of Emergency Services (C0270)	Legal Aspects of Emergency Services, Second Edition
Principles of Fire and Emergency Services Administration (C0272)	Management in the Fire Service, Fifth Edition Principles of Fire and Emergency Service Administration, Second Edition
Fire Protection Hydraulics and Water Supply (C0277)	Fire Protection Hydraulics and Water Supply, Third Edition
Occupational Safety and Health for Emergency Services (C0278)	Occupational Safety and Health in the Emergency Services, Fifth Edition
Strategy and Tactics (C0279)	Structural Firefighting: Strategy and Tactics, Fourth Edition Firefighting Strategies and Tactics, Fourth Edition
Hazardous Materials Chemistry (C0282)	Hazardous Materials Chemistry, Third Edition
Fire Investigator I (C0283)	Fire Investigations for First Responders Fire Investigator: Principles and Practice to NFPA 921 and NFPA 1033, Sixth Edition
Fire Investigator II (C0284)	Fire Investigator: Principles and Practice to NFPA 921 and NFPA 1033, Sixth Edition
Bachelor's Core	
Fire Dynamics (C0257)	Principles of Fire Behavior and Combustion, Fifth Edition (Coming 2023)
Applications of Fire Research (C0260)	Applications of Fire Research and Improvement, Second Edition
Fire Prevention Organization and Management (C0264)	Fire Inspector: Principles and Practice, Revised Enhanced First Edition
Fire and Emergency Services Administration (C0271)	Advanced Fire and Emergency Services Administration, Second Edition Fire and Emergency Services Administration: Management and Leadership Practices, Third Edition
Community Risk Reduction for Fire and Emergency Services (C0287)	Community Risk Reduction: Principles and Practice
Fire Service Ethics (C0303)	Fire Service Ethics
Bachelor's Non-Core	
Managerial Issues in Hazardous Materials (C0274)	Hazardous Materials: Managing the Incident, Fifth Edition
Bachelor's EMS Core	
Management of Emergency Medical Services (C0244)	EMS Supervisor: Principles and Practice
Foundation of EMS Systems (C0297)	Foundation of EMS Systems, Third Edition
Bachelor's EMS Non-Core	
EMS Education (C0240)	Fire and Emergency Services Instructor: Principles and Practice, Third Edition
EMS Public Information and Community Relations (C0245)	Fire and Life Safety Educator: Principles and Practice, Second Edition
